ABOUT US

Optimal Iron Company is a well-established steel manufacturing and contracting firm, proudly serving the Kingdom of Saudi Arabia since its inception in October 2008. Registered under Commercial Registration No. 7050224141 and affiliated with the Chamber of Commerce, the company operates from the Khumrah industrial area near Warehouse City in Jeddah. With over 15 years of successful operations, Optimal Iron Company has built a strong reputation for delivering high-quality steel manufacturing, fabrication, material supply, and contracting services. Our organization is composed of specialized teams of skilled, dedicated and highly trained professionals who work in a coordinated and efficient manner to ensure excellence in every project we undertake.

Our fabrication and welding crew brings more than 20 years of international experience, equipped with advanced technical expertise across diverse industries. Supported by a full team of structural fabricators, lathe operators and certified welders with fully equipped rigs, we possess the capability to execute projects of varying complexity while meeting the most demanding specifications.

At Optimal Iron Company, we are committed to delivering projects on time, maintaining superior quality standards and achieving complete customer satisfaction. Our focus on precision, reliability, and professionalism makes us a trusted partner in the field of steel manufacturing and contracting.

Mission

To deliver high-quality steel structural manufacturing and contracting solutions through advanced facilities, skilled expertise and a customer-focused approach. We are committed to safety, reliability and timely project execution while maintaining the highest standards of ethics, integrity and long-term partnerships with our clients and stakeholders.

Vision

Our vision is to be recognized as a leading and preferred steel fabrication and manufacturing contractor, as well as a trusted structural steel supplier. We aim to achieve this through modern facilities, advanced equipment, deep industry expertise, and a highly customer-oriented workforce. We are committed to building long-term partnerships by consistently delivering quality, reliability, and excellence in every project we undertake.

Values

Our core values define the principles that guide our operations, decision-making and relationships with clients, partners, and Employees:

Safety First

We prioritize the health and safety of our workforce, clients and environment in every project we undertake.

Integrity

We conduct our business with honesty, transparency, and strong ethical standards in all dealings.

Quality

We are committed to delivering superior steel fabrication and contracting solutions that meet the highest industry standards.

Accountability

We take full responsibility for our actions, ensuring reliability, trust, and consistent performance.

Client Commitment

We focus on understanding and exceeding our clients' expectations by Delivering timely, cost-effective, and dependable solutions.

QUALITY ASSURANCE

We are committed to delivering world-class, sustainable manufacturing and steel fabrication solutions that consistently meet and exceed customer expectations. Our operations are guided by robust quality management practices, advanced technologies, and a culture of continuous improvement. By adhering to internationally recognized standards, we ensure reliability, precision, and excellence in every project we undertake. Quality is embedded in every stage of our processes from design and material selection to production, inspection, and delivery.

Quality Policy

- Establishing, implementing and maintaining a Quality Management System that meets ISO 9001:2015 requirements.
- Communicating and promoting our quality policy across all levels of the organization.
- Complying with all applicable statutory, regulatory and customer requirements
- Setting measurable quality objectives and periodically reviewing performance against these objectives.
- Continuously improving the effectiveness of our Quality Management System.
- Ensuring long-term sustainability by regularly reviewing and updating our quality policy.

Through these commitments, we aim to enhance customer satisfaction, strengthen operational excellence and build lasting relationships with our stakeholders.

Expertise and Specialization

Fabrication of Steel Structures

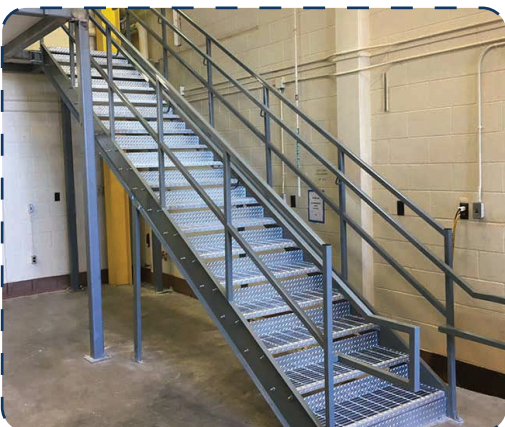

Specialized in the design, fabrication and installation of Steel structure components for heavy industry and solar Projects including

- Steel Beams
- Platforms
- Columns
- Pipe Racks
- Support Structures
- Equipment Steel Foundations
- Walkways And Access Platforms
- Solar Mounting Structures

Fabrication of Steel Ducts for Furnaces

Specialized in the design, fabrication and installation of steel ducting systems for high-temperature applications in steel mills, refineries and other heavy industrial plants.

- Fabrication of furnace ducts, flue gas ducts, air ducts And Exhaust systems
- Manufacturing of duct components such as elbows
- Reducers, transitions, expansion joints and dampers
- Handling of heavy plate fabrication for high-temperature And corrosive environments
- Installation and alignment of duct systems in operating Plants
- Shutdown and emergency maintenance of existing duct Systems
- Repair, modification, and replacement of damaged or Worn-out ducts
- Insulation support fabrication and cladding arrangements

Fabrication of Steel Ladder, Stairs and Cage Ladder

Specialized in the design, fabrication and installation of all types of access and safety steel Stairs & Ladder for industrial, commercial and infrastructure projects.

Fabrication of handrails for platforms, walkways Staircases, and equipment areas

Guardrails with toe plates, mid-rails, and top rails

Wall-mounted and free-standing handrail systems

Custom designs as per site requirements and safety Regulations

Our Services & Scope of Work Steel Fabrication Factory

Engineering & Design Services

Steel Structure Fabrication

Structural Steel Works

Cutting, Machining & Forming

Welding & Assembly

Surface Treatment & Finishing

Supply & Installation Services

Pipeline & Mechanical Works

Specialized Fabrication Works

Architectural & Custom Metal Works

Industrial Fabrication Items

Renewable Energy Steel Works

Maintenance & Repair Services

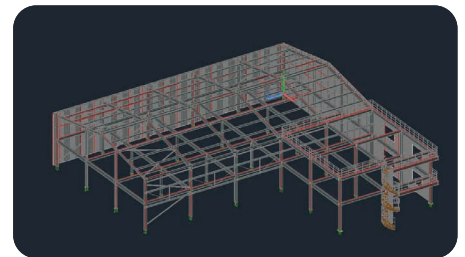

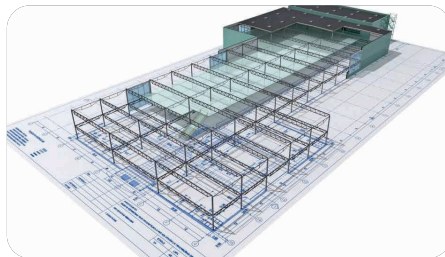

Logistics & Project Support

Quality & Safety Compliance

Engineering & Design Services

- Structural Steel Design (Industrial, Commercial & Residential)
- Shop Drawings & Fabrication Drawings
- 3D Modeling (AutoCAD / Solid Works)
- Load Calculations & Structural Analysis
- Value Engineering Solutions

Steel Structure Fabrication

- Pre-Engineered Buildings (PEB)
- Industrial Steel Structures
- Warehouses & Factory Sheds
- Steel Frames & Trusses
- Mezzanine Floors
- Platforms & Catwalks
- Pipe Racks & Supports

Cutting, Machining & Forming

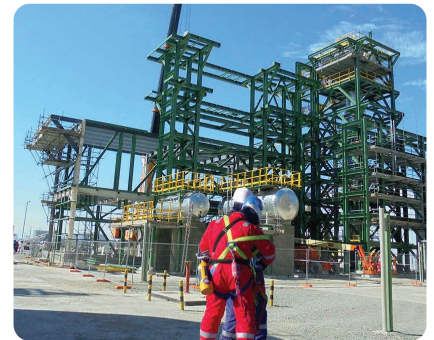

- CNC Plasma Cutting
- Laser Cutting Works
- Oxy-Fuel Cutting
- Steel Cutting & Bending
- Plate Rolling & Forming
- CNC Sheet Metal Fabrication
- Lathe & Milling Works
- Drilling, Tapping & Threading

Structural Steel Works

- Beams, Columns, Rafters Fabrication
- Heavy Structural Assemblies
- Staircases, Handrails & Guardrails
- Structural Strengthening Works
- Site Erection & Alignment

Welding & Assembly

- MIG, TIG & ARC Welding
- Heavy Duty Welding Works
- Robotic Welding (if Applicable)
- Fabrication of Complex Assemblies
- On-site Welding Services

Surface Treatment & Finishing

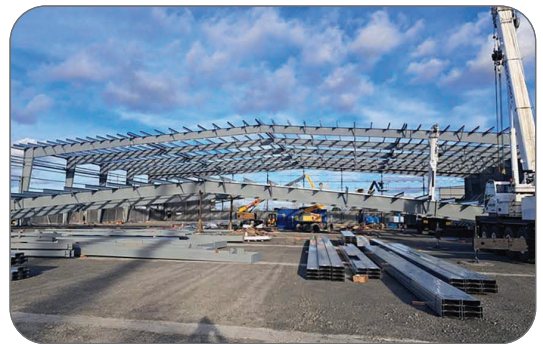

- Sandblasting
- Anti-Corrosion Coating
- Epoxy & Industrial Painting
- Hot Dip Galvanizing
- Powder Coating

Supply & Installation Services

- Complete Steel Supply Solutions
- On-site Installation & Erection
- Crane & Rigging Support
- Bolt Tightening & Alignment
- Testing & Commissioning

Pipeline & Mechanical Works

- Pipeline Fabrication & Installation
- Pipe Supports & Clamps
- Industrial Piping Systems
- Valve Installation
- Pressure Testing

Specialized Fabrication Works

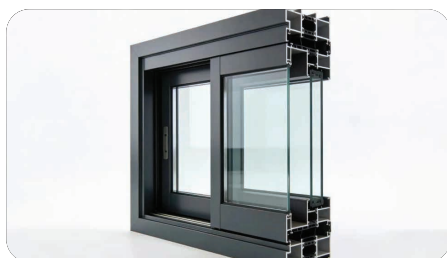

- Fabrication of Tanks (Water, Fuel, Chemical)
- Ducting Systems Fabrication
- Pressure Vessels (if applicable)
- Heavy Equipment Bases
- Customized Steel Components

Architectural & Custom Metal Works

- Heavy Doors & Industrial Gates
- Aluminum Windows & Glass Frames
- Decorative Metal Works
- Cladding Support Structures
- Pergolas & Canopies
- Car Parking Shed

Industrial Fabrication Items

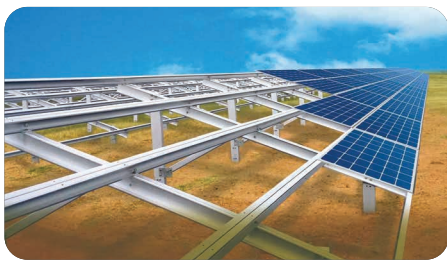

- Manholes & Covers
- Ladders (Caged / Industrial)
- Gratings (MS / GI / SS)
- Flanges (All Types & Sizes)
- Steel Sheds & Shelters
- Cable Trays & Supports

Renewable Energy Steel Works

- Solar Panel Mounting Structures
- Solar Tracker Structures
- Ground & Roof Mounted Systems
- Support Frames for Solar Projects

Maintenance & Repair Services

- Structural Repair
- Steel Reinforcement Works
- Shutdown Maintenance Services
- Equipment Refurbishment

The Ministry of Human Resources and Social Development certifies that the above mentioned Establishment has achieved the required Wage Protection rate and has been granted this certificate upon request.

تشهد وزارة الموارد البشرية والتنمية الاجتماعية بأن المنشأة المذكورة أعلاه حققت نسبة الإلتزام بحماية الأجر المطلوبة وتم منحها هذه الشهادة بناءً عن طلبها.

The certificate is electronically generated and approved by the authority. It does not require any signature or stamp.

الشهادة تم إنشاؤها إلكترونياً ومعتمدة من الجهة المختصة ولا تحتاج إلى ختم أو توقيع.

Please note, this certificate does not guarantee that no Notes will not be applied to this establishment.

يرجى الملاحظة أن هذه الشهادة لا تعفي عدم تطبيق نظام الملاحظات على هذه المنشأة.

Certificate of Registration

This is to certify that Quality Management System of

Optimal Iron Company

Abdullah Ibn Hassan Al Afif 3601 Ad Dahiah Dist.7259 Jeddah
22529 Kingdom of Saudi Arabia

is in accordance with the requirements of the following standard

ISO 9001:2015
(Quality Management System)

SCOPE

Manufacturing of Steel Fabricated components (like small to medium-sized fuel storage tanks, Platform, Duct, staircase, handrail special steel parts) for commercial, Residential and Industrial sector.

(IAF Code: 17)

Certificate Number : 100925019602

Initial Registration Date : 10-Sep-2025
1st Surveillance Date : 10-Aug-2026
2nd Surveillance Date : 10-Aug-2027
Certificate Expiry Date : 09-Sep-2028
